# Plagiarism

Plagiarism is the act of using someone else's work without their permission. It is a form of cheating which is taken very seriously.

Don't copy text from the internet or other sources without giving credit to the original author.

Make sure you use your own words and ideas when writing your assignment.

Make sure you cite the source of any information you use in your assignment. This includes books, articles, websites, and videos.

It is important to understand that plagiarism is not just copying text. It also includes using someone else's ideas, images, or audio without their permission.
